

Government of Saint Lucia

National Influenza Plan

Volume 8: Essential Services

The National Influenza Plan is a collection of procedures are supported by the Saint Lucia National Emergency Management Plans, Policies, Legislation and Standard Operating Procedures.

This Volume 8: Essential Services are SOPs that may be activated to support the NIP. Documents in the series are:

1. GOSL: Influenza planning instructions for the Public Service
2. Saint Lucia Fire Service: Fire Service Protocol for Response to Influenza Incidents
3. Pandemic Influenza Planning Guidelines for the Transportation Sector
4. LUCELEC Disaster Management Plan [Chapter 18: Influenza Planning and Response]
5. SLASPA Influenza Planning Guidelines
6. WASCO Response Plan
7. Digicel Response Plan
8. LIME Response Plan

The Agency's Pandemic Plans are stand alone documents which form part of this National Influenza Plan which in turn is part of the National Emergency Response Plan.

The Agency's Pandemic Plans may be obtained from the respective institution upon request.
